## Principal Classification Update

This is the latest information from the Department's website. "New principal classification structure will commence from Day 1, Term 1, 2016 for all new principals. (note, not 2014 as first presented.)

Current principals will have the option to remain on the current structure until the end of the 2020 school year or 'Opt In' to the new structure from 2016."

We can discuss this at our first meeting next year now that it isn't going to commence in 2014.
