### Broken Bay Camp—Stories from the children.

I loved the flying fox at Broken Bay. I was nearly crying when I got to the top of the platform. I was pretending I was running because Daisy dared me to. You had to put on safety gear. There was the wedgie strap, the smart hooks, buckles, helmets and the harness. Then it was my turn. In the middle of the rope I was laughing out loud. I was running on my second go so hard that I nearly fell over. I loved the flying fox. It was like jumping off a trampoline. That was the best day of my life.

*I went down to the river. I went on the rock. The water was going fast. Then we went back up to the house.* By Levi Olsen

My favourite part of the excursion was when we went on the ferry in the dark. It was cool. The little fish were going so fast with the waves and the motors were so big. Steve showed us how fast the boat went. It went super fast. By Daisy O'Brien

*I shot an arrow into the grass and one arrow went over the target. It was very hard to get an arrow into the target. I wish I had a bow and arrow set.* By Cooper Rule.

My favourite activity was the flying fox. You had to put on a harness and helmet. We had to climb a big tower to get to the top. When I was climbing up the ladder I was getting closer to the last platform. When we were waiting I was nervous. I hopped onto the platform Matt said 'you've got to jump on three'. I jumped and my guts went up into my throat. I had to run the rope back to Matt so he could hook the rope up to the next person. By Troy Pendlebury

*I loved the rock exploring. The creatures were intriguing. I saw creatures I have not seen before. I saw crabs and ghost crabs. They were cool. We went into two caves and one was made out of sandstone. The other caves were made of rock. We found more creatures in the rock pool.* By Lillian Rule
