Well Being Day at Walcha Central, by the Seniors

How To Work As A team, by Troy Pendlebury

Flap went the wings on the geese! Did you know that geese fly in a special way? I didn't, but I do now. Geese fly in a V formation. This helps them fly better. It's too hard to fly on your own. In the V the front goose takes all the force of the wind. When he gets tired he falls back and another goose comes in and takes his spot. If they flew on their own they wouldn't be able to go very far because they would get too tired. This shows that by working as a team you can get further.

Being Taught By Belle, by Molly Williams

I can't believe that there were about twelve groups and I was put in with Nichola and Belle! We watched a movie about "Taking The Shot". It was about five people. One of them was Tony Hoang. He used to take drugs when he was really young and he was put in jail when he was thirteen years old! After that Belle and Nichola taught us a bit more then we packed up and got on the bus. It was really fun having my sister as my teacher!!

How Ridiculous, by Iva Haling

Look out world! The video was so inspirational. There was a group of men called How Ridiculous who did amazing trick shots with basketballs, darts and frizbees. One of their tricks was to jump off a boat and catch a frizbee. The other one was throwing a basketball into a hoop from a high height and getting it straight in the hoop. After watching the video I felt inspired to do great things in this world.

Safe Respectful Learners

Welcome Back

Welcome back for our last term for 2017. A special welcome to Letiesha who started at our school last Tuesday.

P&C Meeting 3.15pm Monday 16 October

Please come and along and join us for this meeting. On the agenda for discussion is Presentation night.

Kids Matter Brochures

Woolbrook is a Kids Matter School. Our staff have been attending training in this program which promotes the social and emotional well being of children. Each newsletter we will be sharing information we have been presented with at this training.

Westpac Rescue Helicopter Visit

What a wonderful experience for the children to meet such inspirational people. The children enjoyed chatting with the riders and learning how they overcome their challenges to participate in the ride. One of the riders is blind and another has an artificial leg. The riders appreciated the watermelon and chocolate cake the children served for morning tea.
