Spelling Bee by Iva Haling

Ooooooh man! I got my word wrong, oh well. On Wednesday the 6th of September Molly, Katie, Zoe and I all went to Newling Public school for the NSW Premier spelling bee. When my dad and I got there we found out that there was only half an hour until the junior spelling bee. We took a seat and watched Katie and Zoe in the spelling bee. Zoe got out on the third round trying her best and her word was dribble. Katie got out on the fifth round doing very well and her word was classified. When the junior spelling bee had ended we went outside to enjoy the sunshine and have a play. After morning tea we quickly went back inside to get ready for the senior spelling bee. Molly and I hopped on stage and took a seat. I was really nervous. I got out on the second round and I felt very proud of myself for having a go. My word was plausible. Molly got out on the fourth round which was better than me and her word was soporific. After the senior and the juniors' rounds we all received a certificate for participation. After it was over dad and I drove home in a new car.

Walcha Cake Stall

Congratulations to our P&C . Over \$600 was raised from raffle tickets and cakes. A big thank you to all those who cooked for the street stall and to those who have cut the firewood for the prizes.

Kids in the Kitchen

On Thursday 21 September the Seniors will be cooking tacos for the school. There is no cost for this event.

Canoeing at Lake Keepit, by Levi Olsen

Splash! The canoe went into the lake. We saw some pelicans on the water and we crashed into Jackson. Then we crashed into an island. Then we went back to where we started to get into the boats.

Archery at Lake Keepit, by Brayden Greenhalgh

Bang! I got a bullseye. I knew how to hold the bow and the arrows. Zoe and Katie got a bullseye too. I went out and got my arrows again and hit the red target. It was the best fun.

The Disco At Lake Keepit, By Katie Williams

I love dancing! The lights are going crazy! The lights are shining bright! Heaps of people danced at the disco! I got lots of exercise. I was boiling hot after that dance! Zoe wore a long sparkly shiny skirt and a really fluffy blue jumper and a really poofy purple jacket. I was really happy. The music was too loud! Then we did the chicken dance. We also did a game called heads and tails! These are the rules: the music started. Then the music stopped. There were two walls, one was heads and the other was tails. When the music stopped you had to pick heads or tails. If the coin landed on tails and you were on heads you had to go to the back of the room and you had to dance yourself out of it. If tails put their hand off the wall and said "Yes" tails would be out. It was my favourite because we got to dance. I am glad we got to dance. Levi and Brayden went to bed because they were tired. If people didn't want to dance they had to lean against the wall so they didn't ruin the dance.

The Kommando Course at Lake Keepit, By Zoe Cas

Ahhhh!!!! Help Me!!! I got stuck in the mud!!! I lost my shoe in the mud so I had to wear two right shoes. Then we had to climb hay bales and Katie fell off the second hay bale but she was ok. We did the army crawl through three tunnels then we had to crawl on our hands and knees through the last tunnel. I kept hitting my head in the tunnels. We had to crawl under a net and the net kept pulling my hair out. At the end we had to go and have a shower. I still can't believe I lost my shoe!

Safe Respectful Learners

Tennis, By Troy Pendlebury

Wow! I get to be an assistant coach for the day. Dave showed me how to play Builders and Bulldozers. I led the game and showed the juniors how to play. We played a game called volleys. Brayden liked this game.

Clubs, Sarah O'Neil

"Cool! Look at Finn. Computer graphics is so awesome!"

For two Tuesdays in a row we have been learning about computers and how to make pretty cool people and a house out of shapes. On the first week we made a house out of shapes with a tree near it. Everyone's houses looked great. On the second week we made a boy called Finn out of shapes. It was more difficult than the house the week before. Trust me you'd be surprised what you can make out of shapes. We were going to use word art which can make words go all over the place but we didn't get time to do that. Zoe and Katie went in our group because the pre kinders were in the other group because it was a Tuesday.

I interviewed a junior about his club activity this is what he said.

Sarah; "Brayden what did you think about clubs?"

Brayden: "It was fun."

Sarah: "What was your favourite part and what was it like?"

Brayden: "My favourite part was wrapping the brown string around the dream catcher because it was exciting. Well I really can't choose though because necklaces were fun too."

Sarah: "What did you do on the second week and was it nearly as fun?"

Brayden: "It was just as fun making the necklaces."

Archery at Lake Keepit, by Maddie Smith

My favourite part of Lake Keepit was archery. We had to hit the target's bullseye with an arrow. You had to wait for instructions before you fired your arrow because you could kill someone with an arrow. I hit the bullseye on the target with an arrow. I was amazed that I could use the bow and arrow and hit the target.

Mud Run by Tiffany Towney

First we had to run through the tyres, over the hay bales, then we had to swim through the mud and onto the rope swing. It was hard trying to help Zoe find her shoe in the mud! It was so much fun! I had the best time!

Spelling Bee, By Molly Williams

B-U-F-F-A-L-O....spelled Katie. On Wednesday Katie, Iva, Zoe and I all came to Newling Public School for spelling bee. I reckon we were all very nervous. I definitely was. Iva got out on the 2nd round and his word was 'plausible'. Zoe got out on the 2nd round and her word was 'dribble', Katie got out on the 5th round! Her word was 'classified'. I got shot out on the 4th round and my word was 'soporific'. I didn't even know what it meant! But then Mum told me it meant something that makes you sleepy and drowsy. After the Juniors and the Seniors rounds finished we all got certificates. Finally after that we went to ALDIS, and then drove home.
